Phlebotomy Basics For Nurses - RN Journal Phlebotomy is the process where a puncture is made in the vein to remove blood or infuse fluids such as saline. As nurses we are very familiar with the process of inducing fluids, however, we are not so familiar with the process of removing blood. Phlebotomy for Nursing Personnel Class - PICC Resource No the Phlebotomy for Nursing Personnel programs can be completed within 5+ hours, or in as little as one day. If you wish to obtain a national phlebotomy certification, apply for our Phlebotomy Certification Class. Phlebotomy Training for Nurses - Nursing Schools Guide Phlebotomist nurses are specially trained nurses who perform the delicate task of drawing blood samples from patients for testing purposes. They ensure blood samples from patients reach the testing laboratory in good and un-tampered conditions.

Phlebotomist vs. Nurse: Which Is the Right Career Choice ... Working as a phlebotomist can be very rewarding, and is a medical career that pays well. Most phlebotomists can earn around \$30,000 each year. Youâ€™ll be learning an important skill, and playing a crucial role in the medical industry. Nursing is obviously a very appealing career path too â€“ but itâ€™s much more of a challenge. Phlebotomists vs. nurses - Phlebotomy Training Group Nurses can Obtain Specimens, Keeping the Patientâ€™s Daily Cycle in Mind One of the arguments used for decentralized phlebotomy systems is that patients feel more comfortable if the nurse that is taking care of them performs the blood collection procedure. Phlebotomy for nurses | allnurses Currently our nurses do not get any formal phlebotomy training except for new grad's. Registered nurses are "checked off" to draw blood by their nurse preceptor. Our phlebotomy department gives Graduate Nurses a 4 hour inservice to the Laboratory department which includes a tour.
